

6th Annual APT WGLC Symposium

“Modern Demands of Historic Structural Systems”

Please join APT WGLC on
Saturday, April 16, 2016

Presentations will include:

Marci Uihlein, University of Illinois — The History of the First Structural Engineering License in Illinois and the United States

Edward Gerns, Wiss, Janney, Elstner Associates — Structural Evaluation of Historic Masonry Facades: What do the numbers really mean?

Ken Maschke, Thornton Tomasetti — Renewal: New Design for Existing Buildings, Case Studies in Repurposing Historic Systems

Meg Kindelin, Johnson Lasky Kindelin Architects — The Barrington White House: A historic roof pushes the limits of light gauge

Thomas Leslie, Iowa State University — The Influence of Air Conditioning on Building Design

Susan D. Turner, Bailey Edward and **Gary Clack** of Hanson Professional Services, Inc.— Testing and Computer Analysis to Determine Structural Sufficiency and Solutions: Case Studies

Daren Kneezel and Scott Graham, Wiss, Janney, Elstner, Associates— Demonstration of Facade Material Testing

Attendees will earn 7 CES Learning Units

WHEN:

Saturday April 16, 2016

8:00 AM - Registration

8:15 AM - 4:00 PM
Presentations

Lunch will be served

WHERE:

Wiss, Janney, Elstner Associates

Training Room
330 Pfingsten Road
Northbrook, Illinois 60067

COST:

\$60 Chapter Members (Corporate members get two registrations at this rate)

\$110 Non-members (includes chapter membership through June 2017)

\$20 Students

Cost includes lunch, coffee, and light snacks
